

# PENSACOLA STATE COLLEGE

Amid all we are dealing with as a community, thank you for what you are doing to serve others during the COVID-19 pandemic.

At Pensacola State College, we launched a survey after we returned from Spring Break to gauge how our students were doing as we transitioned to a remote learning environment. The initial heart-wrenching results indicated that 50% had been laid off, lost their jobs, or were afraid they were about to lose their job. Past due bills for rent/mortgage and monthly necessities like utilities and food already total over \$120,000 for these students.

As we navigate how best to assist our students, many supporters have asked how they might aid our struggling students directly. These inquiries have compelled us to put together a PSC Student Needs Fund to provide immediate aid. You can use this link to help students continue their education: <https://foundation.pensacolastate.edu/covid-19-donation/> .

If you are unable to donate, you can help these students by sharing the message from PSC President, Dr. Ed Meadows using the link here: <https://youtu.be/RZFm3gRoI-Q>

## [Help support our students at PSC](https://youtu.be/RZFm3gRoI-Q)

Message from President Ed Meadows The Covid-19 pandemic has impacted our local community and our PSC students in a variety of different ways. Some students h...
